Dear Parents/Guardians:

The Wallenpaupack Area School District has received information that one of our High School students, one of our Middle School students and one of our South Elementary students have tested positive for Covid-19. The District has taken precautionary measures to notify staff and students who had close contact with the students to ensure appropriate quarantining timelines. The Department of Health will contact those who had close contact to review quarantine requirements and provide further instructions.

Sincerely,

A handwritten signature in black ink, appearing to read "Keith E. Gunuskey", written over a faint, larger version of the same signature.

Keith E. Gunuskey, Pandemic Coordinator  
Assistant Superintendent
